

TRUWOOD VALUFORM

TruWood 7/16 in ValuForm makes your concrete jobs easier. Tru time reduction and labor savings. Create curved corners and intricate designs with TruWood ValuForm.

FEATURES/BENEFITS

- Radius capability makes it ideal for highly curved forming designs such as walkways, patios, pool aprons and driveways
- Suitable for temporary landscape applications
- Can be used with grade stakes
- Installs easily without special tools
- Sixteen foot lengths minimize joints
- Flexible—not brittle
- Multiple uses equals less job waste
- More cost effective than other forming materials
- No silica dust

Available Sizes

- 7/16 in x 12 in x 192 in unprimed
⇒ 168 pieces per unit / 6 pieces per bundle
